## PERSONAL PROFILES PROVIDED BY NOMINEES

### DENIS POZZEBON

---

My name is Denis Pozzebon of Mount Kelly, Ayr. I have been married for 29 years and have a daughter that attends USQ Toowoomba. My family has been in the sugar cane industry since 1962 and I have been actively involved in the growing of sugar cane and other crops on our farm since the 1970s and now produce approximately 14000t of sugar cane.

I currently hold position as a director on the board of Kalamia Cane Growers Organisation Ltd. I was appointed on 1st May, 2016 and worked hard with our organizations for our grower's futures to ensure our position today.

I strive to constantly improve my farming practices to benefit my business and to help preserve the environment by participating in a number of chemical, fertilizer, soil, legume, yield and harvesting trials. Most recently, I have been involved and completed an Autonomous Irrigation Trial and the installation of Solar on our property.

In 2016, we attained our Smartcane BMP accreditation. Furthermore I have participated on many committees including the Mount Kelly Rural Fire Brigade, with the position of First Officer for 9 years and now Second Officer, as well as, Sugar Advisory Boards, a member of the Catalyst Group, a member of the Sugar Cane Innovations Group (NQ Dry Tropics) and a committee member of SPAA (Society of Precision Agriculture Australia).

I am very passionate about the Sugar Industry and its future and would like to continue to step forward in representing growers in the Burdekin Region Area.

### RUSSELL JORDAN

---

I have been cane farming in the Upper Haughton section of Giru since 2001. I am currently a QSL Grower Member and for the last 9 years have attended all QSL AGMs and provided input to Grower Member meetings.

I fully support QSL and applaud them on now having agreements direct with growers. This now allows growers to price directly with QSL and receive secure payments from QSL.

Although we now have a direct link to QSL, I know going forward there will always be ongoing issues. I believe my experience will benefit in finding solutions to any issues that may arise.

I will confidently represent all Burdekin growers and have no problem fighting for answers to any grower related questions or concerns.

If re-elected, I will continue to work hard ensuring Burdekin growers are well represented.

### ROGER PIVA

---

My name is Roger Piva and I am a third-generation cane farmer. I started full time work on the farm in 1980 and I have been actively involved in the sugar industry where I have been a CANEGROWERS Burdekin Ltd board member since 2013 and also a Queensland CANEGROWERS Policy Council member since 2016.

Through these roles I have gained an exposure across all districts within the Burdekin and feel that I have a good understanding of what is important to growers in the region. I am currently a QSL Grower Representative Member and have been for the last 6 years. In that time I was involved in the change to have farmers being paid directly by QSL.

Marketing choice delivered the platform for growers to achieve a level of independence when marketing their sugar and QSL has proven to be a trusted partner which I am proud to be associated with.

I take the Grower Representative role very seriously and have seen the benefit that grass roots advocacy has delivered for growers who market with QSL. I have only ever marketed 100% of my own GEI sugar with QSL and will continue to do so.

I will work towards farmers having their voice heard at a Board level and strive to ensure that QSL continues to evolve and improve their offering to farmers.
