## Final QSL Weekly Update for 2020

This is our final QSL Weekly Update for 2020, with our next update scheduled for Friday, 15 January 2021.

While our update is taking a short break, the QSL team will still be on the job across the festive season, with local QSL Grower Services teams and the QSL Direct helpline available on all business days over the Christmas period and into the New Year.

Thank you sincerely for your support throughout the year, and we look forward to working for you again in 2021.

Merry Christmas and we hope you all have a safe and happy break.

- Your QSL Team.

## QSL Grower Pricing Update

Trading on the ICE 11 sugar market has slowed right down as we head into the festive season, with open interest and trading volumes shrinking. Technical-based selling has outweighed the positive macro and fundamental factors this month as the March 2021 contract weakened to lows of 14.09 USc/lb.

### Have your say before 31 December

Growers who have not yet completed the annual online QSL Grower Survey will have until 31 December 2020 to do so.

This short survey is used to help us improve the products and services we provide to our growers, and takes just 3 minutes to complete.

You can access the survey by:

- Clicking on the link emailed to you from [info@qsl.com.au](mailto:info@qsl.com.au)
- Completing the hard copy form posted to you

- Picking up a hard copy form from your local QSL Team.

## Grower Floor Price now available

QSL's new **Grower Floor Price Contract** is now available within the QSL Direct portal and QSL App.

This new grower-managed pricing option gives QSL growers the best of both worlds – letting you lock in a sugar price with the potential for higher returns should the market rise after your order is filled.
