---	--------------------

At this time, all plant (approved seed) varieties are too wet to harvest. However the 240 1<sup>st</sup> ratoon and the KQ 2<sup>nd</sup> ratoon (commercial plants) are available from today. We note that the pre-order process for BPS approved seed cane has closed, however should you still wish to make an order please contact your BPS field officer as soon as possible. We also ask that any growers with current orders advise the field officer if there are any changes to those orders. The pre-orders made within the order period will be given preference on variety and tonnage.
